TILDA'S BOW

A collection which represents unconditional love; the connections and bonds which cannot be broken.

Inspired by Laurence Graff's bond with his granddaughter, and evoking the sense of a ribbon perfectly tied with care, Tilda's Bow is a beautifully nostalgic symbol of family love presented by Graff, a true family business.

The perfect gift from a parent or grandparent to child or grandchild, a classical keepsake which will be passed from generation to generation.

Unparalleled Craftsmanship

The seamless, hand-tied effect was achieved through a close collaboration between our design team and master craftsmen, who have created a sculptural, voluminous silhouette set with radiant stones, allowing it to scintillate from every angle.
